7.1 Update

Dr. Massetti explained a petition requesting the transfer of territory between Madera Unified School District (MUSD) and Golden Valley Unified School District (GVUSD) may be coming forward to the Committee. MCSOS is working with the developer and encouraged them to talk with the districts. GVUSD and MUSD will be talking soon and Dr. Massetti is hopeful the meeting will produce an agreement.

Dr. Massetti stated the Board of Education will balance their trustee areas in the fall. The California Voter Rights Act (CVRA) uses the census data to balance areas. The only district classified as “At Large” is Raymond Knowles Union Elementary School District. Districts will work with a demographer to review the data from the census. If by March 31 the districts do not adopt a map, then the County Committee would be required to act.

The Board of Education will be balancing its own areas with the demographer. Unlike other public agencies, schools do not have to have multiple hearings. Although legislation being considered at this time may change those requirements. By July, we should have a better idea of when the data will be released. A schedule will be reviewed at that time.
