2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The mission of the Madera County Superintendent of Schools (MCSOS) is to identify and provide programs, services and resources for the benefit of students, families, school districts, agencies and the community. The Madera County Superintendent of Schools provides special education services through regionalized programs to identified students with special needs throughout Madera county. Infants and toddlers, ages zero to three, with identified special needs or who are considered at risk for delays are served through the Early Start Program. Services are provided in the home environment with parents as instructional partners. Students aged three to twenty-two with severe disabilities, significant emotional and behavioral needs, or who are deaf/hard of hearing are served in Special Day Classes (SDC) at various locations including regular education school sites and a center based educational site. Curriculum and instruction is focused on the individual needs of students with an emphasis on functional life skills based upon adopted standards. Achievement for the majority of the students is measured by the California Alternate Assessment (CAA) as well as the attainment of individual goals and objectives, progress in a curriculum specifically developed for students with significant disabilities, and the Student Annual Needs Determination Inventory (SANDI). Students often receive additional designated instructional or related services such as speech/language therapy, occupational therapy, deaf/hard of hearing services, services for the visually impaired, including Braille transcription, orientation and mobility services, specialized health care, behavioral intervention services, and adapted physical education. All staff is committed to assisting students in meeting their maximum potential.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The majority of the students participate in a functional skills curriculum. All students with moderate/severe disabilities have access to the Unique curriculum, which was developed specifically for students with significant disabilities and is based upon adopted state standards. Other students have access to current, standards-based, board adopted textbooks and other instructional materials. Purchased textbooks and materials are the same as those adopted and used by the districts at the integrates sites where special day classes operated by Madera County Superintendent of Schools (MCSOS) are located. Students are then able to gain access to the general education curriculum with their typically developing peers.

School Facility Conditions and Planned Improvements

The special education sites and classrooms for the Madera County Superintendent of Schools (MCSOS) are inspected for the safety and needed repairs on a consistent basis and no less than one time per year. MCSOS employees such as administration, instructional staff, and operations/maintenance staff who have been trained in the Williams procedures participate in the inspection. The majority of the sites are in good condition. A process is in place where needed repairs are made known to the operations/maintenance staff so that repairs/replacements are completed in a timely manner. Classrooms are routinely cleaned and any deep cleaning occurs during extended school breaks. Grounds are consistently landscaped and playground equipment is inspected for safety. A large storage facility at the Gould Educational Center is utilized to house equipment necessary to meet the needs for students with significant cognitive and physical needs. Cameras have been secured at various school sites as well as on MCSOS buses to ensure student and staff safety. MCSOS has also had child alert alarms installed on all buses and any repairs that are needed are addressed with bus vendors. In an effort to address the COVID-19 Pandemic, staff have attended additional training on sanitization and fogging and additional sanitizing protocols in all spaces such as classroom, high touch areas, playgrounds, etc. occur regularly.

School Facility Conditions and Planned Improvements

| System Inspected | Rate Good | Rate Fair | Rate Poor | Repair Needed and Action Taken or Planned |
|--|-----------|-----------|-----------|---|
| Systems: Gas Leaks, Mechanical/HVAC, Sewer | X | | | All filters were upgraded to MERV-13 and are changed every three months. All classrooms have been equipped with air purifiers. |
| Interior: Interior Surfaces | X | | | Painting was done at Yosemite High School and Coarsegold Elementary School. Rooms 11-15 were also painted at Gould Educational Center. Paint touch ups are also made as needed on walls and doors. |
| Cleanliness: Overall Cleanliness, Pest/Vermin Infestation | X | | | School sites are inspected weekly to ensure that cleanliness standards are met. In an effort to address the COVID-19 Pandemic staff have attended additional trainings on sanitization and have been instructed to do weekly fogging, or as needed/requested. Additional sanitizing protocols are in place for all spaces such as classrooms, high touch areas, and playgrounds, etc. |
| Electrical | X | | | No issues, maintenance as needed. |
| Restrooms/Fountains: Restrooms, Sinks/ Fountains | X | | | All systems are good. All aerators were replaced at all sites and fixtures are changed on an as needed basis. |
| Safety: Fire Safety, Hazardous Materials | X | | | Regular inspections are conducted and corrections are made as needed. |
| Structural: Structural Damage, Roofs | X | | | Coarsegold Elementary School and Yosemite High had siting repairs made and painting was done. |
| External: Playground/School Grounds, Windows/ Doors/Gates/Fences | X | | | The playground equipment project at Gould Educational Center was started at the end of the 2012/2022 school year and was completed in August of 2022. The entire play structure was replaced and a new pour in place surface was installed with and overhead shade structure. Phase two of the Coarsegold playground project was completed. |

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| Subject | School 2020-21 | School 2021-22 | District 2020-21 | District 2021-22 | State 2020-21 | State 2021-22 |

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Students attending the regional Special Day Classes (SDC) operated by the Madera County Superintendent of Schools (MCSOS) begin to plan for their transition to adulthood beginning at the age of 14. Instruction is provided to prepare these students with the most significant cognitive disabilities to become as independent as possible focusing on functional living skills and skills that could lead to future employment in the students' areas of interest. Goals and objectives on the students' Individual Education Plan (IEP) and in their individual Transition Plans specifically address the acquisition of these necessary skills.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent are an integral part of their child's education. They are viewed as valuable members of the individual Education Plan (IEP) team assisting in the determination of appropriate programs and services as well as helping in the development of specific goals and objectives for the instruction of their child. As partners in the educational process, parents provide additional opportunities to their children to practice learned skills. Parents are invited to participate in school activities and to volunteer in

2022-23 Opportunities for Parental Involvement

their child's classroom. Parents are encouraged to provide input into the decision-making process for local plans and instructional practices. Parents are also encouraged to participate in trainings provided by the Madera/Mariposa Special Education Local Plan Area (SELPA) and Madera County Superintendent of Schools. Parents are given the opportunity to participate on committees and to attend stakeholders' meetings to provide input into the development or any necessary revisions to the Local Control Accountability Plan (LCAP). The Gould Educational Center also has an active School Site Council.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

| Subject | School 2019-20 | District 2019-20 | State 2019-20 |
|-------------|----------------|------------------|---------------|
| Suspensions | 3.48 | 1.67 | 2.45 |
| Expulsions | 0.00 | 0.00 | 0.05 |

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The Safe Schools Plan is updated annually. During the school year, meetings are scheduled to review the plan to ensure its continued appropriateness and to make necessary changes based upon recommendations. Members include administrators, teachers, school nurses, maintenance and operations staff, and parents. Contents of the Safe Schools Plan include, but are not limited to, the following: safe school strategies and programs, disaster and emergency response procedures, threat assessment protocol, school discipline procedures including suspensions and expulsion recommendations, procedures for safe ingress and egress from school. A survey is provided to staff members in the spring. The analysis of the results assists the committee in the development of new goals and activities to promote a safe school environment. Drills are conducted regularly to practice emergency responses. Specific trainings include Run, Hide, Fight to prepare staff for the appropriate response in the unlikely event of an active shooter. Safe Schools Plans are maintained at the sites and are approved by the Madera County Board of Education annually at the October meeting. Updates to the plan including new goals, objectives and activities are reviewed annually and modified as needed by a committee that includes staff from all divisions of the Madera County Superintendent of Schools. The plan was last reviewed, updated and discussed with parents and school faculty in the months of August and September in 2022.

Professional Development

The Madera County Superintendent of Schools (MCSOS) is committed to providing high quality staff development to its instructional staff including teachers, specialist, and instructional assistants. Traditionally four (4) days per year can be used for county-wide professional development activities for the special education staff members. For the 2022-2023 school year it was negotiated to add four additional days for staff. Two of those days were dedicated to professional development and the other two days were dedicated to serving students who opted for additional classroom time. In addition, minimum days or late starts at specific schools are used to provide professional development and professional learning communities. MCSOS continues to work the Central California Diagnostic Center to provide various trainings on site which are tailored to the needs of students served by MCSOS. Trainings continue to be focused on the adopted state standards and understanding their implementation specific to the special education student population served including, but not limited to: the development of Individualized Education Plans (IEP), appropriate assessments of students with significant disabilities, assistive technology/augmentative communication systems, appropriate and positive responses to disruptive student behaviors, and research based instruction strategies for students with moderate/severe disabilities and autism. Staff is encouraged to seek out trainings, conferences, and in-services that address the most current research based instructional strategies, especially for those students with identified low incidence disabilities such as visual impairment, deaf/hard of hearing, and/or orthopedically impaired. MCSOS also offers a Professional Learning Coach program which pairs a new teacher with a veteran teacher. In addition to structured mentoring, trainings were developed for new teachers, these monthly trainings were open to all staff as well. In addition to the professional development days that all teachers participate in, new teachers attended an additional day of training prior to the year starting.

This table displays the number of school days dedicated to staff development and continuous improvement.
