Parents Working Together

Being a member of the Community Advisory Committee (CAC) offers the opportunity to assist in developing, planning, and implementing activities that provide for greater success for individuals with exceptional needs.

Your involvement and support help:

- Increase awareness regarding free appropriate public education (FAPE) for students with exceptional needs;
- Parents networking;
- Educators, who have a direct impact on your child.

If you are a parent, teacher, administrator, or someone who feels strongly about the services and supports to students with disabilities, plan on joining us at our next meeting.
